SUMMARY

Full Stack Web Developer looking to get my foot in the door in web development. 10+ years of restaurant work experience. Committed to continue learning and growing my web development knowledge and technical skills.

TECHNICAL SKILLS

Technical Languages: HTML, CSS, Javascript, Node, React, Express, SQL, NoSQL, React, MongoDB

PROJECTS

Movie App - https://g07-movie-app.herokuapp.com/
https://github.com/jacobmcanepa/movie-app
- Web app that users can sign up/log into and have random movies suggested based on search criteria. These movies can be saved to a user profile and can be given comments and notes for other users to see.
- HTML, CSS, JS, Node.js, SQL, Sequelize, Express, Open AI
- Contribution: Back end work, login/signup pages, profile page, HTML routes, unique user sign in, encrypted passwords, deletion/addition of favorite movies.

Unnamed Project - Will have finished by 12/08/2022 -
- Uses HTML, CSS, JS, MongoDB, Express.js, React, Node.js, GraphQL, JSON Web Tokens

EXPERIENCE

Restaurant Food Server   2011-2022
Buffalo Wild Wings, Sticky Rice Bistro, 260 Kitchen   Fairfield, Ca
- Built communication skills by serving customers. Took specific orders and specifications based on customer preferences and allergies. Comfortable in fast-paced, intense work environments. Collaborated with fellow team members to maximize work efficiency as well as networking with customers to build a consistent clientele.

EDUCATION

Boot Camp Certificate: *UC Davis Full Stack Web Development bootcamp (2022)*
A 24-week intensive program focused on gaining technical programming skills for a full stack developer in HTML, CSS, Javascript, JQuery, Bootstrap,, Node.js, MySQL, MongoDB, Express, Handelbars.js, SQL, NoSQL, React, and MongoDB
